Stationary STS Bridge Unit Assembly Instructions

Components:

- 12 – Screws, #8 x 5/8"
- 12 – Screws, #10 x 7/8"
- 2 – Flat Plates 2" x 6"
- 2 – Flat Plates 4" x 4"

Applies to:

- Credenza & Bridge Unit & STS Pedestal Desk
- Corner Unit & Bridge Unit & STS Pedestal Desk

1 Align the units in the desired configuration.

2 Attach 2, flat 4" plates to the underside of the top on the bridge unit and the stationary unit that the bridge is adjoining to. Space the plates 2" from the front edge and 2" from the back panel. Use #10 x 7/8" screws to attach the plates.

Do not attach flat plates between the bridge top and sit to stand desk top.

3 Attach the 2, flat 2" x 6" plates to the back panel of the bridge & to the credenza & desk. Space the plates 5" from the bottom of the units. Use #8 x 5/8" screws to attach the plates.
