

Iconic
INDIANA FURNITURE

Fresh Styling. Functional Designs. Forever Iconic.

As we celebrate 115 years, we took a moment to reflect and another moment to look forward. We are inspired by the essence of yesteryear, of people, places, and things that are legendary, and by modern concepts and desires that will shape our future.

As we designed our latest additions, we strived to break-through the everyday...while providing for every day. The outcome is an offering of new lines that exude signature styling coupled with functional form. The outcome is iconic.

Indiana Furniture proudly introduces Iconic Casegoods, Rockstar Seating, Fifteen Lounge, Fifteen Pods, Runna Pouffes, Strut Table Legs, and Screens+Dividers. These designs represent craftsmanship, grace, and modern sensibility. They represent yesterday, today, and tomorrow.

ICONIC

With a nod to the '50s and '60s, Iconic's clean lines, tapered legs, and unexpected details present a timeless, approachable quality while being suited to outfit a multitude of areas, including private office, open plan/benching, storage components, small meeting areas, and ancillary spaces.

The beauty is in the details that only Iconic can offer, including an Illusion profile, one-of-kind twisted bookcases, and uniquely crafted legs that provide a fresh perspective at every angle.

FIFTEEN LOUNGE

Fifteen, created by Edge Design, is a mix of freestanding and ganging, modular components designed to create shared and private moments for a broad range of linear and curved applications. Select from straight or corner models, high or low backs, and with or without arms. Pair with the newly introduced Fifteen Pods for expanded functionality.

With clean lines, and the ease and flexibility you desire, Fifteen fits today's needs.

FIFTEEN PODS

Fifteen Pods, another line inspired by Edge Design, provides users with a personal getaway space, private meeting, or collaboration location, and can be placed anywhere in a facility.

Designed around the science of acoustics, Fifteen Pods helps to keep conversations contained within and external noises out. Pair with the new Fifteen Lounge for expanded applications and functionality.

RUNNA

With its combination of stylish design and distinctive upholstery, Runna Pouffes express luxury and elegance while being the perfect option for impromptu meetings, additional seating, or simply being the component that completes your design.

Created by Edge Design, Runna is available in small and large sizes and nearly limitless upholstery options.

ROCKSTAR

Created for everyday use in every application, Rockstar features generous, contoured proportions and standout comfort for users of all sizes.

With your choice of mid or high back, arm, base, and caster options, weight-activated controls, and button detailing, this chair can rock any environment.

STRUT LEG

Dress up a casual drop-in meeting room or add prestige to an executive suite. The Strut leg is designed with precision minimalist lines and angles to establish modern sensibility in any work area.

Available in silver or black, Strut easily works with many of the popular lines in our portfolio, including Canvas, Gesso, Aura, Tri-One, and more to create a signature look.

SCREENS + DIVIDERS

In response to changes in working environments spurred by COVID-19, we have expanded our options to further provide privacy and safety for employees. Our functional range of screens and dividers make it easy to create space division within any environment, on nearly any product.

Simply add these new styles, with expanded widths and heights, to a worksurface, training table, and/or reception desk to create privacy, add protection, or further define personal space.
