

LEVEL Certification and its Role in the Selection of Furniture

An evaluation and certification system for environmentally-preferable and socially responsible furniture.

LEVEL® by BIFMA

Course Description:

This continuing education course covers BIFMA's e3 Furniture Sustainability Standard, which is the basis for LEVEL certification. The content defines what LEVEL measures, how it works, and how it goes above and beyond other rating systems for addressing furniture's ecological, social, and wellness impacts.

Course Objectives:

- Participants will understand how to find LEVEL certified products and easily include them in the furniture selection process at no added cost to those who procure the product.
- You will understand how to use the public LEVEL product registry to compare products and how this tool streamlines the specifying and procurement process.

Program Credits:

1.0 HSW designation
(Intermediate learning level)

Credit designation:
LU/HSW

CE 1.0 (General Credit)
Course #0920025460
